Your account/billing representative will need to confirm your account prior to viewing your meter reads dashboard. After your account is confirmed you will log into new.mymeterreads.com with your email address and password. You may want to contact your representative to let them know that you have registered so they can activate your account. This will return you to your dashboard and you will see the current month Usage displayed for each metered point chosen.

Click anywhere on a metered points information chart and it will take you to that specific metered points data where you can view historical information. (see next page for reference).
